OZZIO® ITALIA

La storia di Ozzio Italia inizia nel 1961 nella culla di molte eccellenze dell'italian design: il distretto della Brianza a nord di Milano. Nel primo laboratorio artigiano della famiglia Pozzoli si coltiva la qualità: con questa filosofia e un forte legame con il proprio territorio, l'azienda cresce fino a diventare oggi un brand internazionale, presente con i suoi prodotti in 5 continenti. La collezione Ozzio Italia è contraddistinta da una particolare interpretazione della vita contemporanea, frutto di una visione in grado di raccogliere ispirazioni da tutto il mondo e trasformarle in proposte dall'inconfondibile stile italiano. Ozzio Italia ha posto le basi del proprio sales network internazionale a partire dagli anni 90. Oggi l'azienda è una realtà di riferimento nell'ambito dell'arredamento multifunzione, con una consolidata presenza in Europa, America, Asia e Russia confermata da showroom istituzionali nelle più importanti città del mondo.

The history of Ozzio Italia started in 1961, in the cradle of many italian design excellences: the Brianza district, located north of Milano. In the first artisan workshop of the Pozzoli Family, quality was the first value: with this philosophy and a strong bond with its homeland, the company grows until becoming, today, an international brand, currently available throughout five continents.
The Ozzio collection is characterised by a particular interpretation of contemporary lifestyle, fruit of a vision that gathers inspiration from the whole world and transforms it in unmistakably italian design propositions.
Ozzio laid its international sales network bases starting from the 90s. Today, the company is a reference reality in multi-functional furniture field, with a consolidated turnout in Europe, America, Asia and Russia, confirmed by the presence in the best showrooms in the most important cities of the world.
